Ms Thantaswa Ndlazulwana (32)
Dairy Supervisor

"I was appointed in the Dairy in 2011. I am so grateful I was afforded the opportunity to be a part of the Amadlelo Project. I have given my best all the time. I've also acquired skills through Training Programs over the years and I enjoy working with different people, getting paid is just a bonus. My vision for women in this Industry is for them to grow and become successful entrepreneurs and inspire other young women."

Ms Sindiswa Tshete (51)

"My journey started in 2011 and we were taught all the milking procedures. I enjoy working in the Dairy so much especially the 2liter free milk and grocery every December. My desire in this Industry is to see women being treated equally as men."
