

CELEBRATING WOMEN IN AGRICULTURE SEVEN STARS DAIRY FARM

"You are worth celebrating, Siyakubhiyozela Mbokodo!"

HAPPY,
Women's
MONTH!

Ms Nomnikelo Zasawa (52)
General Farm Worker

"When I started at the Dairy in 2012, I was an irrigator and calf rearer. I feel I am like a mother to the youngsters (calves) I work with. I enjoy watching them grow, it is fulfilling. They are like babies. My wish is to see women in Agriculture owning their Farms producing milk, vegetables and cows for the Community. Women, we are strong and we can do anything we want to do."

Ms Lutho Makase (32)
General Farm Worker

"I became part of the Seven Stars Dairy in September 2018, I am a Milker. My journey so far has been the best. Management is very kind and I work with good people My dream is to show the nation that women can do anything by themselves. It is only in ancient times that men were the only ones to milk and look after cows. It is not the case today."

Ms Sbahle Rwaqa (24)
Farm Office Administrator

"I joined Amadlelo with Seven Stars Dairy in September 2019 as a volunteer because I was seeking experience in Auditing. During this period, I gave my best until an opportunity arose and I was offered a position as an Intern-Administrator (2020). I am grateful for to be part of this Dairy. It is out of my comfort zone as I never thought I would work with cows My vision is to become an asset in the organization, to motivate women in the Industry that anything is possible. I want to be considered as one of the strongest women in the sector."

CELEBRATING WOMEN IN AGRICULTURE SEVEN STARS DAIRY FARM

"You are worth celebrating, Siyakubhiyozela Mbokodo!"

HAPPY,
Women's
MONTH!

Ms Thabisa Simelela (37)
Farm Office Administrator

"I started work at the Seven Stars dairy in 2018, employed as Milker. What is challenging is the early mornings. I enjoy farm life because my parents owned a Farm since 1978. My dream is for the dairy to expand."

Ms Avela Jojo (26)

"I joined Amadlelo at Seven Stars Dairy in June 2019 as a volunteer and then was selected for in-service training as I was pursuing a Diploma in Farming Management. A challenge for me is working with people older than me. It becomes difficult when I must delegate, they give me attitude and that scares me. To the women in the Industry I would like to say as much as we are nurturers, we are capable as much as the men are."
